Free Hot Water with Council Tax

Install a solar water heating system from British Gas and qualify for up to £400 cash back on your Council Tax.

If you're thinking of installing a solar water heating system in your home, why not contact British Gas to find out about their great new offer?

In a partnership scheme with East Hampshire District Council, British Gas will install solar water heating using solar thermal panels at a cost of around £4,200 for a typical 3 bed semi* – and you'll also get up to £400 rebate on your council tax. This payment is fully funded by British Gas and not the Council.

**price based on 2 panel system and standard replacement cylinder*

All work covered by a year's guarantee

Panels come with a 5-year manufacturer's guarantee

You don't have to be a British Gas customer to take advantage of this offer. You just have to own or rent a home within East Hampshire.

Planning permission

Solar thermal panels may not require planning permission but you must check with EHDC. Please write to: EHDC Planning, Penns Place, Petersfield, Hampshire GU31 4EX, or email planningdev@easthants.gov.uk giving brief details of your property.

To find out how to benefit from this fantastic offer on environmentally friendly, clean and effective solar water heating please call...

Lines open from 8am - 8pm Mon to Fri and 8am - 1pm Sat.

Calls may be monitored and/or recorded for quality assurance.

Typical contributions to hot water requirements from solar energy

Season	Approx percentage fulfilled by solar
summer	80 – 90%
spring and autumn	40 – 50%
winter	20 – 30%

Average up to 50–70% free hot water over the year!

Other energy providers also offer discounted insulation schemes. Details of these can be obtained from them directly. We cannot guarantee that this scheme offers the cheapest deal to all householders.

Independent advice can be obtained from Energy Saving Trust on 0800 512012, www.energysavingtrust.org.uk

East Hampshire District Council cannot be responsible for work carried out under the scheme by British Gas or their contractors.
