

Can you navigate a course to prosperity?

Chairman of the East Hampshire Business Partnership – Unpaid Role 2/3 days per month

The British economy is in choppy waters but local businesses are more resilient than most. We at the East Hampshire Business Partnership aim to help keep our local businesses thriving and the economy growing for everyone's benefit.

To do this effectively we need someone from the local business community to take the helm and help develop and lead our strategy for success.

If your leadership, strategic thinking, communications, entrepreneurial and business skills are of the highest order you may be the person we are looking for.

With the National Park established and the Hindhead Tunnel about to open, a forward thinking chairman could turn our present economic straits into plain sailing.

For more information about this exciting role contact the Business East Hants team on 01730 234165 or email beh@easthants.gov.uk
