Commercial Property Register

East Hampshire District Council, with the co-operation of local commercial property agents, has compiled a register of available commercial properties in the East Hants area.

This register is offered free of charge to local companies, new business start-ups and potential inward investors. The list does not claim to be comprehensive, but is intended as a guide to availability, tenure and cost of properties for lease or sale, at the time of publication in East Hampshire.

The Register compiles a list of known commercial properties according to four main categories - Industrial, Warehouse, Office and Retail. It gives details of main town, address, property type, floor space, letting and/or purchase costs*, and handling agent. The Council is grateful to all the commercial agents who have assisted in the development of this property register.

Further information about specific premises can be obtained from the agent on request. A directory of active local agents is available at the end of the commercial property register. The Property register will be updated on a quarterly basis.

The latest version of the East Hampshire Commercial Property Register can be downloaded from the council's website: www.easthants.gov.uk. For further information on business support services please contact us at the address below.
