Dear Planning Policy.

**Page 83 Figure 27** : Health and education provision

A small mapping typo: I happen to see that the **red spot** denoting **Liphook & Liss Surgery** is in the wrong place; the **red spot** needs relocating to **Newtown**.

Re the penultimate paragraph of your email of 12 March I do, please, wish to be informed of any decision EHDC makes under Regulation 19 in relation to adoption of the neighbourhood plan in the future.

**Thank you.**
