To:EHDC - Neighbourhood Plans Shared <neighbourhoodplans@easthants.gov.uk>

Dear Sir,

I wish to give a general comment on the B&LNDP:

I'd like to congratulate all those involved in putting together this document. It contains a lot of useful and relevant information. However, I think the term plan is a misnomer. The document seems only to provide guidance to a would-be developer on what we'd like to have. It's good to see that many of the things that the community has been asking for (such as early-years childcare, improved medical facilities, office accommodation for home workers, recreation facilities, reducing congestion in and around the Square etc) are there but no plan as to how to provide them. Perhaps this is all that is possible given that many of the requests would involve EHDC and HCC or other agencies. The fact that part of Liphook is in the SDNP area makes planning more complicated and this issue should be resolved.

Regards,

Dr. Richard Curry.
