East Hampshire District Council has engaged with Winchester City Council as its prepared its Local Plan. A Statement of Common Ground has been signed by both Council's outlining our agreement on key strategic cross boundary matters. We are mindful that Winchester City Council is intending to submit its Local Plan ahead of proposed changes to the NPPF (currently subject to consultation). If this deadline is missed and Winchester City Council cannot take advantage of the proposed transitional arrangements for the new NPPF, then there may be test of soundness issues.

However at this time, East Hampshire District Council is content that there is an up to date Statement of Common Ground in place, and as such there is no need to give a detailed response to this consultation. There are no areas of disagreement that would lead us to answer no to any of the above questions.

What modification(s) are necessary to make the policy legally compliant or sound?
