APPLICANT:	The Oak Hanger
OFFICER:	Mr S Garside 01730 234217
LOCATION:	The Coach House, 19 Howards Lane, Holybourne, Alton, GU34 4HH
COUNCILLOR(S):	Councillor G E Hill
PARISH:	Alton Web link

PROPOSAL:

T1 Lime - Selective tip reduction of c10 lateral branches by up to 3m to natural target pruning points and with a maximum wound diameter of 75mm. Final branch horizontal length to be at least 6m on all sides. In practice this means that the northern and southern canopy will not be reduced and the east canopy will be reduced from 7.1m to 6m and the western canopy will be reduced from 9m to 6m, to rebalance the canopy and reduce the potential for branch failure.

T2 Lime - Selective tip reduction of c40 lateral branches by up to 3m to natural target pruning points and with a maximum wound diameter of 75mm. Final branch horizontal length to be at least 7.5m on all sides (unless current branch length is less than this distance). In practice this means that the northern canopy will not be reduced and the east canopy will be reduced from 9.5m to 7m, the southern canopy from 7.8m to 7m and the western canopy will be reduced from 10.6m to 7.6m, to rebalance the canopy and reduce the potential for stem and branch failure. Additionally, crown height reduction from 25m to 20m removing 5m from the height of the tree, to reduce the potential for stem and union failure whilst allowing adjacent trees to develop their canopies to compensate for the anticipated removal of T2 in the medium to long term.

T3 Lime- Selective tip reduction of c20 lateral branches by up to 3m to natural target pruning points and with a maximum wound diameter of 75mm. Final branch horizontal length to be at least 6m on all sides. In practice this means that the northern canopy will not be reduced and the east canopy will be reduced from 8.2m to 6m, the southern canopy from 7.2m to 6m and the western canopy will be reduced from 7m to 6m, to rebalance the canopy and reduce the potential for branch failure. Additionally installation of flexible cable bracing to be installed, as detailed in the current BS5837, to reduce the potential for the included bark unions to fail. (TPO)

49895/003

REFERENCE NO:

APPLICANT:

Mr & Mrs Smith

OFFICER:

Mr S Garside 01730 234217

LOCATION:

8 Balmoral Close, Alton, GU34 1QY
